Subject: house

Dear Brad and Mary

We would like to thank-you for building our house. We most definitely will be recommending you to our friends and acquaintances. Your honesty, reliability and attitude to "go the extra mile" made a huge difference for us in the building process. We noticed from the beginning how tidy everything was left on a daily basis. It certainly gave us a huge sense of relief to know that you cared about our house as much as we did.

We are most impressed with the quality of your workmanship. The finishing details are continually commented on by visitors to our house.

The completion date as well as our budget were very important to us. We were so grateful to you for coming through on both!

We love our new home! Thanks again.

Sincerely Sandy and Derek Cowser
