

4 April, 1994

This is a letter of appreciation and recommendation for McArthur Construction.

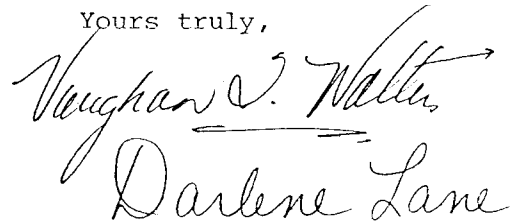

On January 15, 1993, my wife and I placed our house plans with six (6) SaltSpring Island contractors for a contracted price to lock-up.

Of the six contractors presenting prices, Brad and Mary McArthur placed, not only on a very competitive price but a schedule of job completion and required payments. Their professional approach to this undertaking made them our choice. During the building stages, we as owners and the McArthurs as contractors faced different problems and I must say that it was Brad who brought forward the ideas and changes that made our house the dream home we had envisioned.

Brad and Mary McArthur bring with their commitment for quality construction, honesty and dependability to the last detail. Our house was on price and on time which was most appreciated by my wife and myself and we have recommended McArthur Construction to other potential home builders and will continue to do so.

You are most welcome to contact us at anytime and to come and see our home. We will be happy to answer any questions.

Yours truly,
